

## CHEMICALS

### ELECTRONIC CLEANING SOLVENT

A fast drying solvent of very high purity, Ideal for cleaning delicate electronic/electrical assemblies, computer read/write heads, pickup heads in video tape recorders.

| Part Number | Description                 | Size  |
|-------------|-----------------------------|-------|
| RF60-0058   | Electronic Cleaning Solvent | 250ml |

### FREEZING SPRAY

A premium non-flammable, non-corrosive freezing spray for rapidly cooling components and boards to detect thermal faults, including intermittent component failure and dry joints.

| Part Number | Description    | Size  |
|-------------|----------------|-------|
| RF60-0059   | Freezing Spray | 250ml |

### CIRCUIT BOARD LACQUER

A premium flexible coating for protecting circuit boards from humidity and other environmental attack. Excellent insulating properties over a wide temperature range.

| Part Number | Description           | Size  |
|-------------|-----------------------|-------|
| RF60-0061   | Circuit Board Lacquer | 250ml |

### CONTACT CLEANER LUBRICANT

A blend of non CFC solvents and RF Contact Treatment Oil. Ideal for cleaning and lubricating all non-arcing contacts and edge connectors, mechanisms and switches.

| Part Number | Description               | Size  |
|-------------|---------------------------|-------|
| RF60-0064   | Contact Cleaner Lubricant | 250ml |

### CIRCUIT BOARD CLEANER

A Quality blend of solvents for general purpose cleaning of circuit boards. Will remove oils, grease, dirt and solder fluxes.

| Part Number | Description           | Size  |
|-------------|-----------------------|-------|
| RF60-0065   | Circuit Board Cleaner | 250ml |

### SILICONE GREASE COMPOUND

High quality multi-purpose electrical insulating compound with excellent moisture and water repelling qualities. It is particularly useful on high voltage equipment, ignition systems and electrical equipment.

| Part Number | Description              | Size  |
|-------------|--------------------------|-------|
| RF 60-0072  | Silicone Grease Compound | 200ml |

### DUST OFF

Pure high pressure gas for removal of dust and other debris from electronics, electrical, photographic and computing equipment, printer mechanisms, fans, copiers etc.

| Part Number | Description         | Size  |
|-------------|---------------------|-------|
| RF60-0067   | Dust-Off Air Duster | 250ml |

## CLIPS

### CROCODILE CLIPS

| Part Number | Description               | Colour |
|-------------|---------------------------|--------|
| AC26.B      | 26mm Long                 | Black  |
| AC26.G      | 26mm Long                 | Green  |
| AC26.R      | 26mm Long                 | Red    |
| AC32.B      | 32mm Long                 | Black  |
| AC32.R      | 32mm Long                 | Red    |
| AC42.B      | 42mm Long                 | Black  |
| AC42.R      | 42mm Long                 | Red    |
| AC65.B      | 65mm Long                 | Black  |
| AC65.R      | 65mm Long                 | Red    |
| AC95.B      | 95mm Long                 | Black  |
| AC95.R      | 95mm Long                 | Red    |
| JK10        | Croc Clip/Croc Clip Pkt10 | Multi  |

### CONFORMAL COATING

Modified silicone coating for the production of PCB's under extreme climatic or environmental conditions. Excellent resistance to solvents. Operating temperature  $-70^{\circ}\text{C}$  to  $+200^{\circ}\text{C}$ .

| Part Number | Description                | Size  |
|-------------|----------------------------|-------|
| SCC3        | Silicone Conformal Coating | 200ml |

### BUTANE GAS REFILL

Ideal for gas powered soldering irons, cigarette lighter and mini blow torches. Includes 5 different filler nozzles to suit most appliances.

| Part Number | Description       | Size   |
|-------------|-------------------|--------|
| T 2449      | Butane Gas Refill | 100gms |

### PROTEK

Moisture displacement and lubricant for all electrical equipment, including spark plugs, distributor caps etc. Penetrates and lubricates rusted components such as hinges, nuts and bolts, exposed items and sporting equipment.

| Part Number | Description | Size  |
|-------------|-------------|-------|
| RF60-0068   | Protek      | 250ml |

### HEATSINK COMPOUND

High quality heat transfer compound. Used to thermally connect a device to a heatsink to aid heat transfer.

| Part Number | Description | Size |
|-------------|-------------|------|
| H 1600      | Tube        | 10g  |
| H 1610      | Tube        | 150g |
| H 1615      | Syringe     | 50g  |

### IC TEST CLIPS

| Part Number | Description | Colour |
|-------------|-------------|--------|
| MJ002.B     | 40mm Long   | Black  |
| MJ002.R     | 40mm Long   | Red    |
| MJ1001.B    | 57mm Long   | Black  |
| MJ1001.R    | 57mm Long   | Red    |
| MJ3004.B    | 190mm Long  | Black  |
| MJ3004.R    | 190mm Long  | Red    |
| KLEPS30-100 | 158mm Long  | Black  |
| KLEPS30-101 | 158mm Long  | Red    |
