

PLUGS & SOCKETS

BNC PLUGS & SOCKETS

BNC PLUGS

Metal BNC plug - brass pin, solder type
RG58C/U - 5.3mm?

Part Number
BNC1

Metal BNC plug - brass pin, ID 0.93mm crimp type
Suits RG58C/U cable with 5.3mm?

Part Number
BNC10T

Metal BNC plug - brass pin, ID 0.8mm crimp type
Suits RG62 cable with 6.00mm?

Part Number
BNC1CT

BNC connector crimp type. Suits RG6 or equivalent cable. 7.3mm cable entry

Part Number
BNC60

Rubber boot to suit BNC58 connectors, RG58CU cable

Part Number
BNC-BOOT

BNC SOCKETS

BNC chassis socket solder type metal pin. Panels up to 4mm thick
9.4mm mounting hole

Part Number
BNC2

BNC chassis socket. Insulated solder type - brass pin. Suits 4mm panels thick 9.4mm hole.

Part Number
BNC12

BNC chassis socket. RG58C/U crimp type. Suits brass pin. Suits <8mm panels - 12.5mm hole

Part Number
BNC13

BNC ADAPTORS

Bulk head BNC joiner. Socket to socket, with nut & washer. Suits <6mm-12mm hole

Part Number
BNC15

BNC network "L" shape adaptor plug to socket.

Part Number
BNC9

BNC network "T" shape adaptor - socket to two sockets

Part Number
BNC3

BNC network "I" shape adaptor - socket to socket

Part Number
BNC4

BNC network "T" shape adaptor - plug to two sockets

Part Number
BNC6

BNC network "Y" shape adaptor - plug to two sockets

Part Number
BNC8

BNC male 500 end of line terminator

Part Number
BNC50T

COAX CONNECTORS

750 Plug screw terminating 6mm entry - white plastic handle

Part Number
RZ10W

750 socket screw terminating 6mm entry - white plastic handle

Part Number
RZ11W

Right angle 750 PAL with plastic body screw terminating plug

Part Number
RA10

Right angle 750 PAL with plastic body screw terminating socket

Part Number
RA11

750 PAL plug. Shielded metal body. Screw terminating plug.

Part Number
RZ20M

750 PAL plug. Shielded metal body. Screw terminating socket.

Part Number
RZ21M

750 coax plug - IEC crimp type designed for cable TV installs

Part Number
RZ30

750 coax socket - IEC crimp type designed for cable TV installs

Part Number
RZ31

750 coax plug - IEC crimp type designed for cable TV installs

Part Number
RZ32

750 coax socket - IEC crimp type designed for cable TV installs

Part Number
RZ33

750 coax adaptor - metal collar with plastic grip

Part Number	Type
RZ59	Plug to plug
RZ60	Socket to socket

750 coax chassis socket - metal body. Panels up to 4mm. 9.4mm mount hole

Part Number
RZ14

750 right angle coaxial adaptor. PAL plug to socket

Part Number
RZ62

750 coaxial cable joiner - screw terminating. Plastic housing clip together

Part Number
RZ40

F CONNECTORS

Male plug suits RG11 coax cable. Suits 13mmF cable.

Part Number
F11

Male plug suits RG11 coax cable. Suits 13mmF cable. Solid pin design three piece kit

Part Number
F11R

Male plug for 5C2V and RG6 coaxial cable

Part Number
F56

Male plug for 3C2V and RG59 coaxial cable

Part Number
F59

Compression fit or snap and seal type F connector. RG6 quad & double shield cable

Part Number
F66S

Screw in "F" club for RG59 coaxial cable. 5.5mmF cable entry

Part Number
FQ59

IEC crimp "F" plug one piece. Suits RG59 cable

Part Number
FG59

"F" connectors insulating boot to suit cable up to 6.00mm

Part Number
FB2

"F" chassis mount socket. Solderable hardware inc.

Part Number
F61

Inline joiner. "F" socket to socket. 9.4mmF mounting hole

Part Number
F81
