## BENCH VICES

### 60MM MINI BENCH VICE

Portable die cast aluminium vice with a built in clamp and a large handle. Can be fitted to a table surface with a max width of 30mm thickness.

- Jaw width: 60mm
- Jaw opening: 45mm

Part Number  
**TSA6**

## PANAVISE

### PVJR MINI PANAVISE

This small precision PanaVise has all of the tilt, turn and rotate features of larger models. More like a tool than a vise, the grooved jaws open to 74mm and are made of fiber reinforced thermal composite alloy. Jaws are controlled with a fine/coarse adjusting knob which permits very delicate work. Head movement is through three planes - 360° rotation, 360° swivel and 210° pivot. Height - 173mm Weight - 0.6kg

Part Number  
**PV201**

### STANDARD PANAVISE

The standard PanaVise is an all purpose work holding unit, perfect for both industrial and home hobbyist applications. A single knob controls the tilt, turn and rotate function.

Head movement is through three planes - 360° rotation, 360° swivel and 90° pivot. Height - 173mm Weight - 1.2kg

Part Number  
**PV301**

### PCB HOLDER

Printed circuit board or solder job holder with cast iron base. This model is supplied with a magnifying glass to help on those really small soldering jobs. Weighted diecast base. Full 360° swivel action and sturdy alligator clips hold the job in place.

Part Number  
**TSA4**

### MULTI-PURPOSE WORK CENTRE

The PV350 is perfect for home or hobby needs. Consisting of a self-centering extra-wide opening head which is recommended for holding heavier objects but which can be used for holding delicate ones too.

Height - 201mm Weight - 2.3kg

Part Number  
**PV350**
