

DRILL BITS

MINI DRILL

Features a high speed motor and 3 interchangeable keyless collet chucks. Suitable for use with drill bits from 0.8mm up to 2.5mm. Ideal for drilling PCB's, engraving, model making, etc. Requires 12V DC 500mA plugpack.

- Package contains:**
 1 x PCB drill bit
 1 x Engraving bit
 1 x Sanding sleeve
 3 x Collet chucks
 2 x Cutting disks

Part Number
T2303

MINI WORKER GRINDER

This is a terrific little palm sized drill and can be used for all manner of small grinding and drilling jobs. Supplied with 2 chucks, a small grinding wheel and a chuck key, the drill measures 120mm long and incorporates a convenient on/off switch. It will accept drill shafts up to 2.5mm and requires 12V DC at 500 mA.

Part Number
TD2487

SUPER DRILL SET

A lightweight package for drilling, engraving, routing, shaping, sanding or milling. A number of accessories are also supplied as standard including five high speed drill bits, five brass collets (for 0.5, 1.0, 1.5, 2.4, and 3.0mm bits), four grindstones with arbour, one thin grinding wheel and a 240V mains adaptor. Complete with a plastic storage case. No load motor speed 12,000RPM

Part Number
T4761

VARIABLE SPEED MULTIPRO TOOL

Introducing the next generation of rotary tools. This latest MultiPro model feature a new look and top speed of 35,000 rpm. Compatible with more than 150 accessory bits and attachments, these rotary tools can quickly get things done all over the house. The speed of the tool does the work, so cutting, carving, sanding, polishing and grinding are quick and easy.

FEATURES

- High-speed rotary tool provides up to 35,000 rpm to make projects easier.
- Comfort grip housing for easier handling and better control.
- Lightweight design makes it easy to use in any position.
- Click-and-set on/off switch allows more precise speed selection.
- Cool-running ball bearing construction provides smooth and quiet operation.
- Replaceable motor brushes help extend tool life.
- Accepts more than 150 Dremel® accessory bits.
- Can be used with a variety of versatile attachments.

SPECIFICATIONS

Tool Weight.....18 oz.
 Speeds.....Variable (5,000-35,000 rpm)
 Volts.....120 AC, 50-60 Hz
 Amps.....1.15
 Power Cord.....6
 Warranty.....5 years

DREM-395

DRILL BITS

High speed twist drill bits. Ideal for drilling PCB's and project enclosures.

Available only in packets of 10 (minimum.)

Part Number	Size
DB0.60	0.60mm
DB0.65	0.65mm
DB0.80	0.80mm
DB0.85	0.85mm
DB0.90	0.90mm
DB1.00	1.00mm
DB1.10	1.10mm
DB1.25	1.25mm
DB1.50	1.50mm
DB1.75	1.75mm
DB2.00	2.00mm
DB2.25	2.25mm
DB2.50	2.50mm
DB2.75	2.75mm
DB3.00	3.00mm
DB3.50	3.50mm
DB4.50	4.50mm

Available only in packets of 10 (minimum.)

HAND HELD DRILL

2 chucks supplied for drill sizes 0 to 3.2mm. Ideal for manual drilling of PCB's and project enclosures.

Part Number
T2335

3MM PCB DRILL CHUCK

This keyless chuck enables you to use PCB drill bits up to 3mm with your standard power drill.

Part Number
T2305

12MM COUNTERSINK BIT

Makes deburring and countersinking chassis simple.

Part Number
T2310

4 PIECE COUNTERSINK SET

The easy way to deburr or countersink, bits include 12, 16 and 19mm.

Part Number
TD2027

MINI DRILL STAND

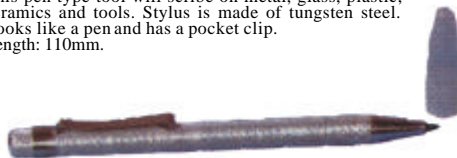

Using a drill stand to drill small diameter holes in printed circuit boards is a must if you want a clean, accurate hole and unbroken drill bits! This drill stand is ideal for PCB work or any hobby that requires a "steady hand". It is supplied with two ring adaptors to suit various drill diameters, with the adaptor and drill held firmly in place with clamp fastening screws. Naturally, the holder is spring loaded and is lowered by an ergonomic hand lever; the height of the holder is easily adjusted to suit your drilling task. Made from durable ABS plastic, there are mounting holes in the base for securing to a work bench as well as a cutout for the drill bit once it is lowered to your PCB and base.

Part Number
TD2472

SCRIBER TOOL

This pen type tool will scribe on metal, glass, plastic, ceramics and tools. Stylus is made of tungsten steel. Looks like a pen and has a pocket clip. Length: 110mm.

Part Number
TD2120

LARGE GLUE GUN

Fast, easy and simple to use with trigger controlled glue feed. Great for quick and easy low stress repairs to cardboard, woodwork, furniture, decorations, toys and models.

Part Number
TH1992

Part Number	Description
TH1995	Packet of 6 glue sticks
